

INTRODUCTION:

Pupils can use this worksheet to explore and answer questions about animals in their habitat.

RECIPE TIPS

- If you don't have any sauce to use for the island you could always use some mashed beans and pulses
- Why not use some herbs (either dried or fresh) to add some foliage to your island, if you don't have any cress?
- Seeds make an excellent decoration for your island!

ACTIVITY TIPS

- Snail quiz- Answers in order: Mollusk, Shell, France, 39.3, Slug, Lungs or Gills, 14,000, Deaf or Blind. There are 14 snails on the page.
- KS2 challenge - Snails can live in lakes, rivers, lakes, dirt or even under leaves so this activity may be best done on a daily walk.
- KS2 challenge - prompt your child to classify plants surrounding the snail into flowering plants (water lily and iris) and non-flowering plants (mosses and ferns)

NUTRITION NUGGET

- Vitamin E helps strengthen our immune system and keep our skin and eyes healthy. Did you know that seeds are a great source of vitamin E. Chef Allegra used pumpkin seeds in her snail island. What seeds will you use?
- Did you know that sunflower seeds contain a fat called Omega 6? Omega 6 is an oil which can help protect your heart!

CURRICULUM LINKS:

- Maths- Practice counting as reciting numbers and counting as enumerating objects.
- Maths- Read and write numbers from 1 to 20 in numerals and words.
- Science- Describe and compare the structure of a variety of common animals

TOOLS REQUIRED:

- Pencil, Rubber, Coloured pens and/or pencils, Paper
