About this Document

1.1. The Articles of Association permit AfN’s governing Council to agree rules for the purpose of carrying into effect any provision of the Articles of Association for regulating the affairs of the body. These rules were approved by the AfN Registration Committee on 12th September 2017, updated January 2021, under powers delegated to it by AfN Council in accordance with the Articles of Association (item 4).

1.2. These rules describe how AfN manages the UK Voluntary Register of Nutritionists (UKVRN), including competence, eligibility and procedures for initial and continuing registration, arrangements for monitoring and recording Registrant’s Continuing Professional Development and appeal processes. The UKVRN is administered according to these rules,
which are reviewed regularly to ensure they are fair, robust, reflect best practice and are applied consistently.

1.3. These rules can be determined, amended or rescinded by a simple majority vote of Registration Committee and are always subsidiary to the Articles of Association. If the operation of these rules contradict the Articles in any way, the Articles of Association take precedence.

1.4. This document replaces previous documentation issued by AfN ‘Standard Operating Procedures: Registration,’ approved July 2012 and revised April 2015/September 2017. It will remain under review. Feedback and suggestions for improvements are welcome, and should be directed, in the first instance, to the AfN Deputy Chief Executive.

1.5. Supporting this document are terms of reference, guidance notes, application forms and associated documents to support the good governance of the UKVRN, all of which are published on the AfN website; http://www.associationfornutrition.org/

1.6. The Registration Committee may determine its own additional procedures in accordance with these procedures, the guidance published from time to time by AfN and the overriding requirement of fairness. Where these rules prescribe a time limit by which a person must act or after which they may not act, the Registrar, Registration Committee or Deputy Chief Executive (as the case may be) may, upon application, vary that time limit if satisfied that in all circumstances it is reasonable to do so.

1.7. In this document ‘day’ or ‘working day’ means any calendar day except Saturdays, Sundays or UK public holidays.

1.8. Any notice required to be given under these rules will be given in accordance with item 15 in the Articles of Association.
The UK Voluntary Register of Nutritionists (UKVRN)

Our Role as a Voluntary Regulator

2.1. The Association for Nutrition (AfN) holds the United Kingdom Voluntary Register of Nutritionists (UKVRN), a competency based register of individuals who are qualified and competent in nutritional science and who agree to uphold professional and ethical standards through a comprehensive code of conduct (AfN Standards of Ethics, Conduct and Performance). Only individuals who meet the required standards in evidence based nutrition science can be admitted to and remain on the UKVRN. The register can be viewed on the AfN website, www.associationfornutrition.org.

2.2. The AfN is governed by Council. AfN Council has delegated to Registration Committee, a main committee of AfN Council, authority for the proper management and control of the UKVRN. Under this delegated authority, Registration Committee is responsible for the efficient and fair operation and development of the UKVRN; including initial and continuing registration, continuing professional development and appeal processes.

2.3. The UKVRN was established by the Nutrition Society (a registered charity) in 1991 in partnership with the Institute of Food Science and Technology (IFST) and Institute of Biology (IOB) as the ‘Register of Accredited Nutritionists,’ becoming the UKVRN in 2008. Then the AfN was established by the Nutrition Society in June 2010 for the specific purpose of administering the UKVRN, it transferred the Register to AfN.

2.4. UKVRN Registration is an accepted mark of professional status and competence in nutrition science. UKVRN Registration is recognised by Public Health England, NHS and Department of Health, Royal Society of Public Health, Professional Associations Research Network, UKVRN Registered Nutritionists, their employers and others. The title ‘Registered Nutritionist’ does not enjoy statutory protection. It is however, the accepted form of designation by Public Health England (PHE) the body responsible for the delivery of nutrition policy in England.

Types of UKVRN Registration

6.4. A Registrant who fails to make payment of their annual retention fee on or before the date payment is due will be deemed to have lapsed and will have their details amended to lapsed status on the online Register with immediate effect, and after 30 days their registration account will be closed and they will be required to submit an application to the AfN if they wish to restore their UKVRN Registration.

6.5. All applicants renewing their UKVRN Registration must continue to meet:

   b. Eligibility requirements for UKVRN Registration, including declarations regarding fitness to practise

Leaving UKVRN Registration

Resignation

7.1. If a Registrant wishes to resign from the Register, they may do so at any time by giving sixty days’ notice in writing to the Deputy Chief Executive (except if the Registrant is subject to fitness to practise proceedings, in which case procedures in section 8 will apply) and by returning their current Registration Certificate, distinguishing badges, etc. No refund of registration fees will be paid.

7.2. A Registered Associate Nutritionist or Registered Nutritionist who has resigned from the Register may no longer use the title Registered Associate Nutritionist or Registered Nutritionist or post-nominal letters after their name (ANutr, RNutr and FAfN). They must not refer to themselves as a UKVRN Registered Associate Nutritionist or Registered Nutritionist or otherwise infer or imply UKVRN Registration.

Retirement

7.3. Registered Nutritionists who are no longer engaged in any form of nutrition-related paid employment, including paid consultancy, may apply to be registered as Registered Nutritionist (Retired). Retired Registrants may use the post-nominal letters after their name with the suffix (Retired) in brackets and pay a reduced fee. Retired Registrants do not appear on the published Register and have no requirement to undertake CPD.
7.4. Registered Nutritionist (Retired) may undertake voluntary activity within the nutrition field (for example, mentoring, acting as an AfN Assessor, serving on a board or committee or giving occasional lectures) provided that activity is voluntary/unremunerated and UKVRN registration is clearly indicated as ‘retired.’ Registered Nutritionists who have retired but are still active in the field, for instance, undertaking paid consultancy, external examining or other remunerated activities, for which ongoing competence is necessary, must maintain full UKVRN Registration in the relevant category.

Voluntary Suspension (Inactive Status due to a career break)

7.5. UKVRN Registrants who cease to practice within a nutrition related field may apply for inactive status for up to two years (24 months) duration. A Registrant whose status is inactive may use their professional title and/or post-nominal letters after their name, but must always use this with the suffix (Inactive) in brackets. The Registrants record on the published Register will state their status is voluntarily suspended/inactive.

7.6. Registrants must provide the AfN notice of intention to take a career break whilst holding active (paid up) registration. No refund of registration fees paid will be made, but any remaining months will be deducted from the annual fee upon renewal and fees due during the period of a Registrant’s inactive status need not be paid. A voluntary suspension application form can be obtained from the registration team and must be returned before the career break starts and cannot be applied for once registration has lapsed.

7.7. A Registrant whose status is voluntarily suspended still has an obligation to meet competence and eligibility requirements for UKVRN Registration, although annual CPD requirements are waived during the inactive period.

7.8. To return to the Register, a Registrant whose status is voluntarily suspended must notify the AfN in writing and make payment of the registration fee (calculated subject to section 7.6) for the forthcoming annual period prior to the end of the two years (24 months).

7.9. If the period of voluntarily suspension exceeds the permitted 24 months, a Registrant will have to apply for restoration to the UKVRN in accordance with sections 5.29 to 5.54 of this document. The period of time off the register calculated to determine the restoration process is calculated from the date suspension started.

Lapse

7.10. A Registrant who fails to renew their registration or pay their annual retention fee will be deemed lapsed from the Register (except if the Registrant is subject to Fitness to Practise Proceedings, in which case procedures in section 8 will apply).

7.11. An individual who has lapsed from the Register may no longer use their professional title or post-nominal letters after their name. They must not refer to themselves as a UKVRN Registered Associate Nutritionist or Registered Nutritionist or otherwise infer or imply UKVRN registration. 7.13. A Registrant who fails to make payment of their annual retention fee, on or before the date payment is due will be deemed to have lapsed and will have their details updated to lapsed on the online Register with immediate effect, and after 30 days’ will be inactivated on the AfN database and required to submit an application to the AfN if they wish to restore their UKVRN Registration.

8.10 The Appeal Panel may sit with a legal assessor but need not.

8.11 In determining an appeal, the Appeals Panel may admit any evidence it considers fair and relevant to the case before it.

8.12 Having considered the appeal, the Appeals Panel may:

   b. Allow the appeal (in whole or in part) and rescind the determination appealed against; or
   c. Allow the appeal (in whole or in part) and substitute for the decision appealed against (in whole or in part) for any other decision that the Association for Nutrition could have made.

8.13 Notice of the decision of the Appeals Panel must be given in writing to the appellant and respondent within 21 days. The decision of the Appeals Panel will take effect 21 days after notification of the panel.
